SOUTHERN DISTRICT OF NEW YORK

-----X  
IN RE:

GENERAL MOTORS LLC IGNITION SWITCH LITIGATION

14-MD-2543

14-MC-2543

*This Document Relates to the Cases in Exhibit A*

**ORDER NO. 171**

-----X  
JESSE M. FURMAN, United States District Judge:

**[Regarding the Administrative Closure of Certain MDL 2543 Member Cases]**

The Court understands that the majority of the member cases currently open on the MDL 2543 docket assert claims that are subject to settlement agreements that, if and when they are fully implemented, would result in dismissal of the plaintiffs' claims. In particular:

1. A large number of cases currently open in this MDL are subject to settlement agreements that, if and when they are fully implemented, should result in all plaintiffs in those cases dismissing their claims with prejudice in due course. The attached Exhibit A identifies 258 actions in which all remaining plaintiffs are subject to agreements to settle their claims.

2. In Orders No. 29 and 50 (Docket Nos. 477, 875), the Court dismissed without prejudice many actions in this MDL that asserted economic loss claims. In subsequent orders (*see, e.g.*, Docket No. 4895), the Court has directed the Clerk of Court to administratively close certain of those economic loss actions, but others of those actions remain open. The attached Exhibit B identifies 97 actions that were dismissed without prejudice pursuant to Orders No. 29 and 50, but nevertheless remain open on the Court's docket. The Court recently ordered that these remaining actions be stayed pending the Court's determination of whether the proposed class settlement that would resolve economic loss claims in this MDL (the "Class Settlement") should be granted final approval. (Order Granting Preliminary Approval of Class Settlement, Directing Notice Under

Rule 23(E), and Granting Related Relief (Docket No. 7877).) In light of the fact that these claims were previously dismissed without prejudice, however, the Court believes these actions should now be administratively closed until the Court issues its determination concerning final approval.

The Court is inclined to and does administratively close the cases listed in Exhibits A and B. Any party who believes that a case has been erroneously closed by this Order shall, no later than **June 18, 2020**, file a letter motion to re-open the case and explain why the case should remain open. In addition, as to the cases listed on Exhibit A, a party may file a letter motion seeking to reopen a case within **21 days** of a material change in settlement status (such as, for example, the termination of the settlement). As to the cases listed on Exhibit B, a plaintiff who elects to opt out of the settlement may file a letter motion to reopen their case within **28 days** of the date that the plaintiff opts out of the Class Settlement. And, if the settlement is not given final approval, or if final approval is granted but overturned on appeal, any plaintiff may have **28 days** from either event to file a letter motion to reopen their case.

Any party opposing a motion to re-open one of the cases closed pursuant to this Order shall file a response brief within **10 days** after the motion to re-open is filed.

Nothing in this Order shall be construed as a judgment under Federal Rules of Civil Procedure 54 or 58, nor shall this Order be construed as re-opening the time for seeking post-judgment relief or filing an appeal.

The Clerk of Court is directed to administratively close the cases listed in Exhibits A and B.

SO ORDERED.
